

# ENHANCED UHPS

**ULTRA HIGH PRESSURE SYSTEM**

**rosenbauer**  
Firefighting Technology

UHPS w/  
HONDA Engine

## ENHANCED UHPS™ FEATURES

### Most effective extinguishing

- Atomization of water due to high pressure of 1500 PSI
- Precisely adapted nozzle design
- Adjustable pattern: full to spray jet

### Superior Foam Quality/Stability

- Foam admixing system 0-6%
- Foam attachment for spray nozzle

### Applications

- ATVs
- Mini-Pumpers
- Mini-Rescues
- Wildland Attack Units

### Minimized water consumption

- Output 10 GPM
- Prevention of water damage

### Large effective range

- 33 ft. effective throwing range
- 200 ft. kink-free hose

### Fields of applications

- First attack
- **Indoor fire**
- **Car fire**
- **Forest/Brush fire**
- **Liquid fire**
- Aviation

### Simple / safe operation

- Fixed setting of pressure and output
- Thin and lightweight hose
- Ergonomic fog gun
- Continuous water supply

## General Fire Apparatus

509-535-4255 - 800-541-4218

## ENHANCED UHPS™ TECHNICAL DATA

### Engine

- Honda OHV V-Twin engine 18 hp
- 2 - Cylinder, 4 Stroke gasoline engine 37.5 cu in
- 12.4 kW @ 3,600 rpm
- 12V Electric start (plus manual rope)
- **Automotive style oil filter**
- 2.5 gallon fuel tank

### Pump

- High pressure plunger pump with 10 GPM @ 1500 PSI
- Foam admixing system 0-6%
- Filter element
- Pressure gauge

### Hose

- 200 ft. High Pressure Hose
- Manual or Electric (optional)

### Foam Tank

- Pick-up tube
- Five gallon storage tank

### Spray Nozzle

- Ergonomically formed spray gun with pistol handgrip
- **Infinite adjustment of full spray jet**
- Foam attachment

### ENHANCED UHPS OPERATOR PANEL

## ENHANCED UHPS™ OPTIONAL EQUIPMENT

### UPF Defender™ 3

**UPF**

- 150 Gallon Skid
- 225 Gallon Skid
- 300 Gallon Skid

### Electric or Manual Rewind Options

Manual Rewind Reel

Electric Reel
