ALUMINUM HOSEWELL COVER

DESCRIPTION: Aluminum Hosewell Cover

PLANT: Rosenbauer

SPECIFICATION: There shall be a hinged cover fabricated from .125 aluminum smooth aluminum and painted job color with 2 gas shocks to hold the cover in the open position and shall have two rubber positive latching mechanisms on each side of the cover to hold the cover in the closed position. The cover shall be raised to allow for sufficient room for the hydraulic reels with the center portion of the cover being higher to allow for the tools. There shall be two exterior mounted chrome plated handles for ease of lifting the cover. The top of the cover shall not have any 90 degree corners on the top or forward face of the hinged cover.
