DESCRIPTION: Backboard Storage

PLANT: Rosenbauer

SPECIFICATION: There shall be a storage compartment mounted on the right side of the body above the ladders, fabricated from 1/8" aluminum diamond plate. Compartment shall be 72" long x 17" high x 8-1/2" wide with the rear open and front closed. The compartment is to be divided equally into two sections. One section shall be used to store one adult backboard, and the other section is to be used to store one pediatric backboard, with a stop installed in this section at 50" to prevent it from sliding all the way in. Install one strap at the end of the compartment.
