SPOT LIGHT

COMPARTMENT UNDER WALKWAY

DESCRIPTION: Compartment Under Walkway

PLANT: Rosenbauer

SPECIFICATION: A compartment shall be provided under the top mount pump panel walkway, built into the upper step area of the apparatus. The compartment shall be constructed using 5052 .125" thick, smooth aluminum. An aluminum diamond plate lift-up door with a stainless steel hinge shall be supplied to enclose the compartment. A gas spring shall be installed to hold the door in the open position. The gas spring shall be installed in an over-center arrangement allowing the gas spring along with a D-Ring latch to hold the door in the closed position. The door shall be wired to activate the "DO NOT MOVE APPARATUS" light in the cab when open.
