EMS COMPARTMENT

PLANT: Rosenbauer - General Division

SPECIFICATION: The chassis supplied crew seat shall be removed and an EMS compartment shall be provided inside the officer side crew door. The compartment shall be constructed of smooth aluminum and shall be open on the right side and provide access from the left side by removal of cargo net. The top, front and rear shall all be enclosed. Two adjustable shelves shall be provided and protected with Turtle Tile. Inside the compartment shall be two duplex 120V shoreline power receptacles and two 12V power plugs. The compartment shall not interfere with the movement of officer's seat.
