ROSENBAUER PRODUCT AWARENESS BULLETIN

SPECIFICATION: The left under cab compartment (brass box), shall have these additional items installed, a 10-gauge reinforced plain anodized aluminum sliding drawer-type tray (full width and full depth) with a 4" vertical flange on all sides. The tray shall have extra heavy duty 500 pound lock-in/lock-out roller glides with stops to prevent it from sliding all the way out and to hold it securely in place when the compartment door is opened or closed. The brass box tray shall feature a 16 section adjustable 4" high egg-crate divider designed for vertical storage of various nozzles and adapters.
